Aggregation Overview

- **What is a Municipal Aggregation Program?**

A Municipal Aggregation allows communities to form a buying group on behalf of their citizens with the intent that a larger buying group may acquire better pricing and more favorable terms and conditions for the citizens than if they shop on their own.

- **Who Governs a Municipal Aggregation Program?**

The Public Utilities Commission of Ohio (PUCO) has developed strict guidelines for forming and running a Municipal Aggregation Program.

- **Who Can Create a Municipal Aggregation Program?**

Townships, Villages, Cities and Counties.

- **Over 400 Electric and 250 Natural Gas Certified Aggregators**

What Changes, Or Does Not Change?

- Duke Energy will continue to deliver electricity and natural gas
 - Manage Power / Natural Gas Outages
 - Handle Billing Questions
- Residents will continue to receive one bill from Duke with only one section of the bill changing to reflect the new supplier charges.
- Budget billing still available through Duke Energy

Who is NOT Eligible?

These Residents would NOT receive an opt-out letter...

- Those currently with another alternate supplier
- Those enrolled in the Percentage of Income Payment Plan (PIPP)
- Those that have previously opted out of the program

Energy Aggregation IS...

- Value add to Residents
- Simplifies Choice
 - 79% of electric accounts in community on Duke default rate
- Option for residents to choose
- Price certainty vs. utility rates on fixed priced programs

Energy Aggregation IS NOT...

- Mandatory
 - Residents can opt out of program at no cost
- Always best option for all residents
 - Residents should understand price and terms and conditions
- Always better than future market offers
 - Should be very competitive at start of program

Aggregations: Beyond Price...

- Aggregation is about the entire value of the program
 - Gives residents a simpler energy solution including...
 - Price
 - Terms and Conditions
 - No Termination Fees
 - Enter or Leave the Program at anytime at no cost

Recommendation:

It is recommended that City Council authorize all actions necessary to effect a governmental electric aggregation program with opt-out provisions pursuant to Section 4928.20, OHIO REVISED CODE, directing the Butler County Board of Elections to submit a ballot question on aggregation to the electors. Rules suspension is requested to expedite the exchange of information with the Board of Elections in advance of the November 2023 election.

Background/Synopsis:

The Ohio Legislature has enacted electric deregulation legislation which authorizes the legislative authorities of municipal corporations, townships and counties to aggregate automatically, pursuant to Section 4928.20 of the Ohio Revised Code, subject to opt-out provisions, competitive electric service for the retail electric loads located in the respective jurisdictions and to enter into service agreements to facilitate the sale and purchase of the service for the electric loads.

City Council Ordinance

 Submitting Department: Public Works

Subject:

Emergency Drainage Repair Stonewall Lane – Appropriation of Funding

Legislation Title:

Ordinance to authorize the City Manager to enter into a contract with Smithcorp Construction Services for the Emergency Drainage Repair of the Detention Basin Outlet Pipe at the end of Stonewall Lane and declaring an emergency.

Recommendation:

It is recommended that emergency funding be appropriated from the Capital Improvement Fund as described in the Financial Impact.

Background/Synopsis:

This area has corrugated metal pipe from the 1980's that is starting to fail and needs lined to prevent future failures. There is an existing failure under the dam which has caused a large sinkhole near the dam embankment as well as clogging the pipe so that the detention basin is holding water at all times. This location has a 30-foot section of 42 inch diameter pipe that needs to be dug up and replaced and then a concrete liner poured into the invert of the entire length of pipe.

The basin is located at the end of Stonewall Lane and backs water into the upstream area as far as Bruton Parish Way.

The pipe on Bruton Parish Way is also in poor condition and is designed for replacement which will likely be bid later this year and is also included in the 2023-2027 CIP.

The City's drainage crew has routinely made repairs to storm sewers but the need for a deeper excavation in order to make the repair to the storm warrants some help from an outside contractor.

We solicited a price from several contractors. Smithcorp provided us with the lowest and best price for this emergency work and they have done this kind of work for us in the past. They did a similar difficult repair for the pipe under the dam at South Trace Golf Course last year. Majors Enterprises reviewed the project with us and was unable to give us a price due to scheduling, Mount Pleasant was contacted but did not have the availability of the specialty labor required at this time, and Rack & Ballauer gave us a proposal that was higher than Smithcorp.

Financial Impact:

\$115,000.00 from the Capital Improvement Fund for the labor, material, and equipment to repair the storm sewer at the Stonewall Lane Detention basin (\$105,515.00 base price and \$9,485.00 for contingencies and other Public Works needs).

The project funding for this work is in the Capital Improvements Program for 2023-2027 under 3PW56 (Stonewall Lane Storm Sewer Repair) for \$100,000 and 3PW03 (Drainage Improvements – Contracted) for \$15,000.

Emergency Provision Explanation:

An emergency provision and rules suspension is being requested for this project due to the need to repair the collapsed pipe and reduce pressure on the existing embankment as soon as is practical in order to protect downstream properties from a potential dam failure.

Rule Suspension Requested:

Yes

Emergency Provision Needed:

Water Division Clarifier Rehab

Legislation Title:

Water Division Clarifier Rehab

Background/Synopsis:

The City of Fairfield operates a Lime Softening Water Treatment Plant. The chemical Calcium Oxide, also known as Quick Lime, is used to precipitate and bind up calcium and magnesium existing in the City's raw water supply resulting in "softening" of the water. This chemical treatment process takes place in the City's four (4) Solids Contact Clarifiers. Solids Contact Clarifiers combine the functions of chemical treatment, mixing, flocculation and sedimentation.

The City's Solids Contact Clarifiers are in need of rehabilitation, including balancing, in order to increase the longevity of the Clarifiers.

City staff recommends using Daniels Industrial Services for maintenance services required to rehabilitate the City's Solids Contact Clarifiers. Daniels has done similar work at the City's Wastewater Treatment Plant. A cost estimate for the services is attached for review.

Financial Impact:

An appropriation in the amount of \$14,030.00 is being requested for maintenance services required to rehabilitate two (2) of the City's Solids Contact Clarifiers during one (1) mobilization.

Funding for this project was included in the approved 2023-2027 Capital Improvement Program (CIP) under project number 3WT24, Port Clarifier Rehab. The funding source is the Water Surplus Fund, 605.

1PD03 - Fire MDT Tablets

Legislation Title:

1PD03 - Fire MDT Tablets Appropriation in the amount of \$50,000

Background/Synopsis:

We are currently in the process of transitioning to a new CAD/RMS system. This appropriation is necessary to properly dispatch Fire apparatus with the new system and complete the project. The estimated hardware cost of the MDT equipment required for the Fire Department vehicles is **\$50,000** and was budgeted for in the 2023 CIP. Equipment will be purchased at Ohio State Contract or vendor discounted pricing, whichever is the lower cost option. Due to supply chain issues exact vendor, manufacturer, model, and pricing details will be determined at the time of purchase based on availability.

Recommendation:

It is recommended that City Council authorize and direct the preparation of legislation for the appropriation of **\$50,000** from the Capital Improvement Fund and suspend the rules requiring the second and third reading.

Financial Impact:

An appropriation in the amount of **\$50,000** is being requested for the purchase of MDT hardware to be installed in the city's Fire Department apparatus. Funding for this effort was included in the 2023-2027 Capital Improvement Program (CIP) under project 1PD03.

Emergency Provision Explanation:

As this project is necessary for the overall function of the city's dispatch center and the delivery of public safety services, an emergency provision is necessary without competitive bidding in order to begin purchasing equipment immediately and avoid additional delays due to supply chain constraints.

Municipal lots under this program are made up of over 40 distinct locations totaling more than 1,500,000 square feet.

Paving repairs will be done by Mount Pleasant utilizing contract pricing for the asphalt resurfacing contract. Concrete repairs will be done by Prus utilizing contract pricing for the concrete curb contract.

Funding has been programmed in the 2023-2027 Capital Improvements Program under 3PW12.
